They further wish to pursue their dream in the field of science. The limited number of learning facilities in these streams at the intermediate level and lack of teaching faculty especially in science stream, has led students to take arts streams despite their interest in science. For this purpose, under “Transforming Aspirants” district administration Hazaribag has decided to launch an online/offline hybrid plan for such interested students.

**Components of the Initiative and Target Beneficiaries**

This initiative is also expected to transform the lives of communities benefited by the scheme.

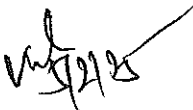

**Selection of students**

The selection of the students for the program will be done by conducting entrance tests to select students on a merit basis with all girls preferably.
